Una wan make real money online? Na this article go help you – 7hubent Tech got your back!

Let's face it: we all want to hammer online, but na how? Some go tell you say e easy like say na pure water, but if you no sabi the right path, you fit just dey waka for wilderness like Moses for Bible. Don't worry sha, I don land to guide you through the jungle with some wisdom. One thing we dey overlook for Naija, especially when we wan start business online, na the power of reading. But guess what? The top dogs, the people wey dey flex online wealth, no be magic dem use. Dem devour books!

Today, we go gist about the Top 10 best-selling books for business in Nigeria wey fit make you hammer online, and also why 7hubent Tech na the best plug if you wan promote your hustle for free. If you dey look for where to get proper business sense and how to use them sabi to build your online empire, these books na your plug.

1. Rich Dad Poor Dad by Robert Kiyosaki

If you never hear of Rich Dad Poor Dad, abeg which rock you dey under? For Naija here, this book don

change the mentality of many people. E teach you the difference between assets and liabilities. Online business? E no different. If you no sabi how money dey work, you go just dey run around.

7hubent Tech Tip: As you dey build your business, advertise am for free on 7hubent WhatsApp groups. If Kiyosaki teach you one thing, na say networking dey key! We go hook you up with like minds.

2. The \$100 Startup by Chris Guillebeau

This one sweet my belle pass jollof. E dey show how you fit start online business with small change. For Naija wey every kobo dey count, you go learn practical steps to move from "I dey think about am" to "I don start". No need millions to blow, just proper knowledge and application.

Personal Experience: I remember when I start small hustle with just 5k. I dey advertise on my WhatsApp status, and I no know say e fit grow. Na when I jam 7hubent Tech, na then I see say people dey really move with free advertising platforms. I apply wetin I read from The \$100 Startup, and my hustle begin grow like weed for rainy season.

3. Crushing It! by Gary Vaynerchuk

Omo, if motivation na person, na Gary Vee. This book no just ginger you, e dey give you step-by-step

how to dominate social media and turn followers to buyers. If you dey think say “who go buy my market online?”, this book go humble you. Social media dey powerful, and 7hubent Tech na the village square for your business to get audience.

4. DotCom Secrets by Russell Brunson

This one na for those wey serious about online money making. E go open your eyes to the world of online sales funnels. If you fit master how to direct people from your advert to your product page, na to dey count money sure pass.

7hubent Secret: Funnels no be magic, na strategy. Place your business in front of the right people using free platforms like 7hubent. No be to go pay big-big money to agencies, just advertise for WhatsApp groups, and see as dem go rush you.

5. The Lean Startup by Eric Ries

Na this book show me say failure no be end of the road. If your online business no pick fast, adjust your methods, learn and try again. Ries preach persistence and smart hustle. As for me, I go tell you say, 7hubent Tech go help you reduce that start-up cost. I take style turn from small online store to influencer status all thanks to free marketing.

6. Think and Grow Rich by Napoleon Hill

This one na classic. Dem say wetin person think about pass, na e go manifest. Online business na more about mental preparation than actual work. Hill teach me say you fit grow anything, as long as you dey believe in your hustle.

7. Start With Why by Simon Sinek

Before you start any online business, ask yourself why you dey do am. Na this book teach me say na the “why” wey dey important pass. Whether na to make money for your mama or to live better life, that “why” go push you beyond challenges.

8. 4-Hour Workweek by Tim Ferriss

Wetin Nigerians love pass? Flexing! 4-Hour Workweek dey show how you fit structure your online business so you no go hustle like Jack Bauer for 24 hours every day. Ferriss go ginger you to work smart, not hard.

7hubent Flex: 7hubent WhatsApp groups na perfect place to start this lifestyle. You fit advertise your services or products and still flex for Lagos without breaking sweat.

9. Side Hustle by Chris Guillebeau

Guillebeau sabi Naija struggle. You no go leave your 9-5 work, yet you fit get side hustle wey dey pay

well. This book go guide you step by step to create an online side hustle wey no go stress you.

10. The Millionaire Fastlane by MJ DeMarco
Na dis one go make you feel like Naija's next Dangote. E dey show the mindset shift you need if you want real wealth online. DeMarco go teach you say "slow and steady" no be for everybody. If you want fast lane, follow better strategy.
